

# Grade 1C Classroom News

## February 2025

What a fantastic start we have had to 2025! It has been a busy month learning to add to 20 in math, playing with sounds and words in our phonics lessons with Mabel, exploring facts about energy, recording about our community and so much more! We are anxiously looking forward to February with Groundhog Day, Jump Rope for Heart, a few days off, 100 Day and Valentine's Day! February just might be the MOST exciting month in Grade One!

## Events this Month

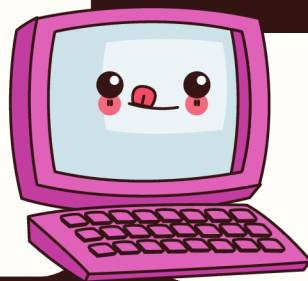

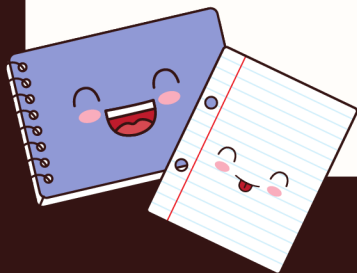

NO School 6-7

100 Day Collection: 12

Red Pink Day: 14

## Reminders

Please check the calendar carefully this month as there are a few days that students don't have school! Enjoy some wonderful family time on those days!

Remember! Check the classroom online portal for this weeks home learning projects.

# Arrival Time

The arrival time for a good amount of the class has been getting later and later! Please be sure to have your child dropped off between 8:20-8:30am so that they have an adequate amount of time to unpack, switch their buddy books, and get settled before announcements start at 8:42. We squeeze so much in our morning routine!! Thank you so much for your support in this.

# Valentine's Day

On Friday, February 14th we will be having Red and Pink Day to help celebrate Valentine's Day. Students may bring Valentines to give to their classmates that day. If they choose to participate in this, please be sure that they bring a Valentine for each student in the class. I will include a class list for you to refer to.

# Reading

Please be sure to be reading with your child EVERY night. It is such a great time to make a routine out of it. I only have the opportunity to read with your child once a week in a small group, so it is absolutely vital for them to get the one-on-one daily practice with you at home.

# 100

# ★ DAY ★

We will be celebrating 100 day on Wednesday, February 12th even though it lands on the 14th. Please send in your child's collection of 100 items on that day. This does not have to be a ton of work; it just needs to be a collection of 100 things. It is helpful for them when they present their collection to have their items grouped in 2's, 5's or 10's. Some ideas are: necklace made with 100 beads, 100 macaroni/marshmallows/ glued to a piece of cardboard, 100 stickers, 100 lego, a picture made with 100 dots. It can be anything! Be creative!! What a great time to practice skip counting with your child.

## Take Home Folders

I will be sending home some lovely new Take Home folders soon. Please do not get rid of the old one as sometimes these folders get misplaced. Some students are forgetting to bring their take home folders and buddy books on a daily basis. Please remind your children to faithfully pack and unpack them daily. These are important in order to help our classroom run smoothly! They are being encouraged to be the ones to be responsible for them.

Enjoying your children immensely,  
Mrs. Mol and Mrs. Haxby
